

Student Shadow Application

Interested in networking with information professionals?

Keen to improve your public speaking skills?

Want to be published?

If you answered “yes!” to any of these questions, consider volunteering as a “student shadow” at the Friday, April 24th UNYSLA Meeting, "Career Building and Staying Relevant in Trying Economic Times" in Albany, New York. One library and information studies student will “shadow” each speaker. Shadows will introduce their speaker, sit with him/her at lunch, and write a short article for the UNYSLA website. In addition, your registration fee will be waived.

NOTE: A limited number of shadows are chosen, so apply soon!
